SUPPLEMENTAL RESPONSE

This paper is being filed in response to the communication that was mailed on 13 April 2009. The examiner is respectfully requested to enter the following amendments and to reconsider the application in view of the following remarks. A request for a two-month extension of time accompanies this paper, together with the appropriate fee.

This paper addresses the §112 rejection of the September 16, 2008 office action, a response to which was inadvertently omitted from the response that was filed on 16 December 2008.

The amendments made here repeat those made in the 12 December 2008 response, and further include amendments to claims 6 and 7. The discussion of the art rejections that was made in the 16 December 2008 response is repeated here for the examiner's convenience.
